

Project CoviBro

The bot to help you during
the Covid-19 crisis.

Problem

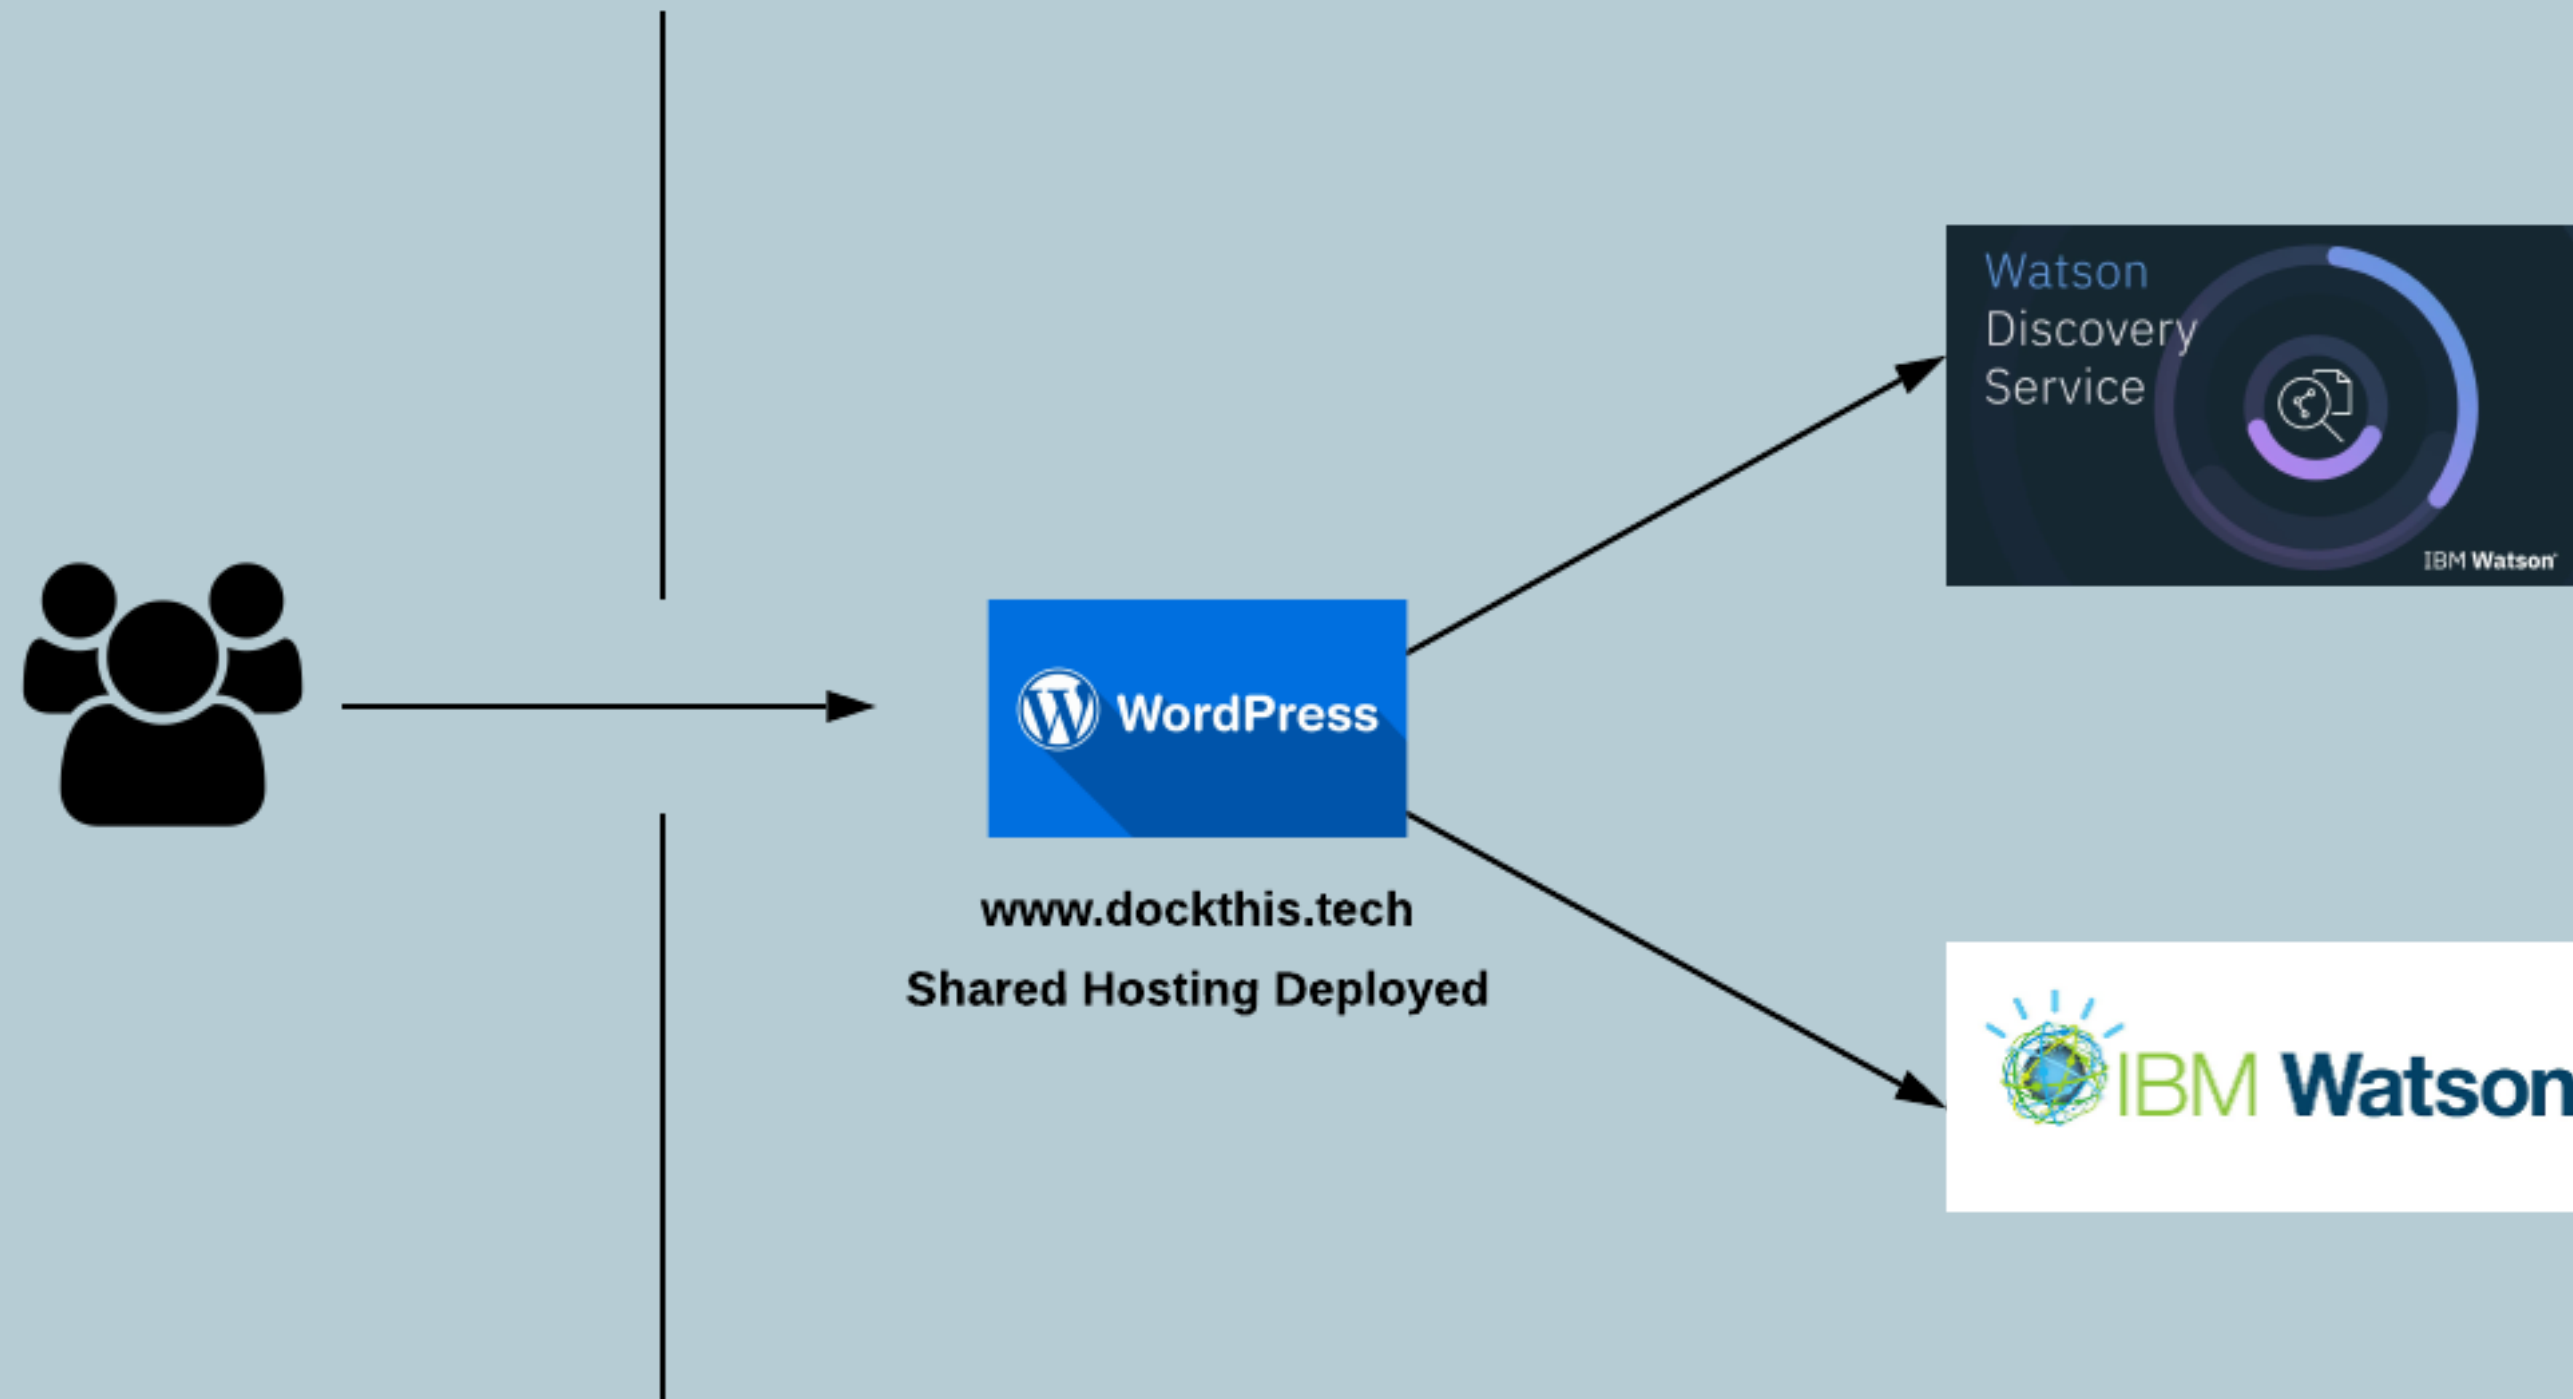

- Scattered resources.
- Overwhelmed systems with people trying to find basic information.
- Clogged communication lines.
- Spreading of fake news.

Solution

1. With CoviBro we attempt to make a chat bot dedicated to providing information about Covid-19
2. This bot is intended into
3. CoviBro provides news articles related to Covid-19 from reliable sources.
4. With CoviBro, we also target the issues of mental health in the time of a crisis and try providing comfort and helpline contacts in case of an emergency.

BASIC USER INTERACTION DIAGRAM

Target Market

CoviBro is for a user that is buried with unnecessary stats, and needs information about Covid-19 in a conversational manner.

We also attempt to provide a comforting environment with instant help to anyone that could be suffering in a time like this.
